About Us

At Tesna Tech, We specialize in manufacturing PP/HDPE based woven sacks, PE liners, BOPP bags, BOPP bag with or without Paper/PE Liner, Paper laminated bags, Back-Seam bags, Block Bottom Bags, Dangers. With over 18 years of Industry Experience, we offer tailor range of packaging solutions to meet our clients' specific needs. Our packaging excellence has positioned us as a preferred packaging solution company amongst global brands worldwide. Our highly experienced professionals work tirelessly and ensure optimally developed packaging material and best fit for purpose.

Our Vision

At Tesna Tech, We are driven by a mission to revolutionize the packaging industry through transparency, innovation, and ethical practices. Our goal is to enhance our market position by increasing sales year on year while maintaining a 99% on-time delivery and deliver near zero defect material. We are committed to resolving customer queries swiftly, ensuring satisfaction and reliability.

Our Mission

Tesna Tech provides the services and solutions to clients need to meet their packaging requirement, packaging challenges and Business Goals. Tesna Tech continuously work towards minimizing environmental impact by investing in sustainable practices and optimally design bag weight.

Quality Policy

Tesna Tech is committed to total customer satisfaction by meeting their expectations. It strives for continual improvement in the process for achieving the ultimate quality product at the most competitive price.

Commitment to Excellence

Our focus on innovation and precision is supported by a highly sophisticated infrastructure equipped with advanced machines and testing equipment. We constantly upgrade our facilities to meet the growing demands of our customers and stay ahead in the market. Each of our products undergoes rigorous quality checks to ensure they meet the highest industry standards.

Quality Objectives

We at Tesna Tech hereby commit ourselves to achieve the Quality Policy by:

- 1) 99% delivery schedule to be matched.
- 2) Reduce in-process rejection further by 1%.
- 3) Customer complaint to be resolved within 1 to 3 days.
